Instructions:

- Run the Brass Foil through your die cutting machine with the Tasteful Textile 3D Embossing Folder and use Stampin' Seal to adhere it to the card front
- Using Early Espresso Ink stamp the feather on the small piece of Very Vanilla; on the card insert on lower left and on the C6 Envelope on lower right.
- Use Stampin' Seal to adhere the card insert inside the card
- Use a Glue Dot to keep the folded ribbon in place, then staple to the right-hand side
- Adhere the piece of D.S.P. around the centre of the card using Stampin' Seal
- Fussy cut the feather and use your Bone Folder to distress it a bit making it curve out. Just snip into the sides of the feather to make it look 'feathery'.
- Using Versamark and the sentiment stamp on the Early Espresso piece
- Heat set with White Stampin' Emboss Powder

- Add Stampin' Dimensionals to the back and the feather also to the back, then adhere to your card front.
